# ABOUT US

We are **Buried In Bermuda**, a three-piece heavy alt-rock band armed with an eclectic catalogue of original material. Our ethos is hard-hitting songs with meaningful and thought-provoking lyrics that inspire and resonate with our audience. With influence from metal, grunge, hardcore and indie rock, we take fierce riffs, soaring vocals, and tight rhythm to craft what is unmistakably the Buried in Bermuda sound.

Since humble beginnings in 2021 we have ticked off many items on our bucket list, including playing a sold-out Thekla, releasing our first music video, and performing for Sir Michael Eavis. Now, with our **'Take Back Our Lives'** Tour scheduled for October 2024 we're set to reach another major milestone for the band.

## LATEST ACHIEVEMENTS

- We've recently launched 3 new singles firstly **'Electric'**, the music video was filmed at 'Wake the Tiger' [WATCH HERE](#).
